TO: Department Chief Fiscal Officers

FROM: David Ridolfino
Acting Director

DATE: July 21, 2016

The 2016 Exhibit A of the enclosure reflects departmental allocations of central support service costs agreed to by the State of New Jersey and the United States Department of Health and Human Services (HHS).

The fringe benefit rate of 37.6 percent reflected in the addendum is for fiscal year 2016. This rate is to be applied to base salaries including vacation, holiday, and sick pay, but excluding overtime pay. The rate is applicable to members of the Public Employees’ Retirement System (PERS), Teachers’ Pension and Annuity Fund (TPAF), Teachers’ Alternate Benefit Plan (ABP), and employees who are not members of a pension plan but are covered for health benefits. A rate of 45.1 percent for the Police and Firemen’s Retirement System (PFRS) has also been negotiated.

These rates are for use in computing actual direct charges as well as for estimating charges to federal and other non-state funded programs. In addition, the rate is to be used to develop fringe benefit costs for inclusion in indirect cost rate proposals.

The employer’s share of FICA taxes is not included in these fringe benefit rates. This cost is to be provided for in billings, estimates and indirect cost rate proposals at the rate prescribed by the federal government applied to taxable wages. The rate for calendar year 2016 is 7.65 percent of the first $118,500 paid to each employee and 1.45 percent for gross wages above $118,500.
Schedule A-1 of the enclosure reflects the plant operation and maintenance costs that represent occupancy costs of State-owned buildings allocated to grantee agencies for the year 2016. These costs for inclusion in agency indirect rate proposals must be treated by the agency as either direct or indirect costs consistent with treatment in prior years of similar costs charged to federal programs.

The enclosed information is being furnished to become part of your indirect cost rate proposal to be submitted to your cognizant federal agency within six months after the close of each fiscal year. Departments and agencies are reminded that it is the State’s policy and each agency’s responsibility to maximize the recovery of indirect costs. In all cases where non-state funded programs permit the recovery of indirect costs, agencies shall prepare and negotiate indirect cost rate proposals as required. Agencies shall apply the approved indirect cost rate to the appropriate base and transmit all recoveries of indirect costs to the Department of the Treasury.

A copy of the original proposal, which covers the Statewide Cost Allocation for the fiscal year ending June 30, 2016 as submitted to HHS, will be accessible on the State’s website via: http://www.state.nj.us/treasury/omb/newsletters/index.shtml#grantinformationarchives. If you require additional information related to this proposal, please contact James F. Kelly via e-mail at james.kelly@treas.state.nj.us or by telephone at 609-633-3910.

Copies of each agency’s indirect cost rate proposal and resulting negotiation agreement are to be forwarded to the Director, Division of Budget and Accounting. Departments or agencies that fail to furnish this information will not be eligible to be allocated a portion of indirect costs recovered by them during the fiscal year ending June 30, 2016.

Section III: CONDITIONS

The amounts approved in Section I and the billings for the services listed in Section II are subject to the following conditions:

A. LIMITATIONS: (1) Charges resulting from this Agreement are subject to any statutory or administrative limitations and apply to a given grant, contract or other agreement only to the extent that funds are available. (2) Such charges represent costs incurred by the State/locality which are legal obligations of the State/locality and are allowable under Title 2 of the Code of Federal Regulations, Part 200 (2 CFR 200). (3) The same costs that are treated as indirect costs are not claimed as direct costs. (4) Similar types of costs are accorded consistent accounting treatment. (5) The information provided by the State/locality which was used to establish this Agreement is not later found to be materially incomplete or inaccurate.

B. ACCOUNTING CHANGES: This Agreement is based on the accounting system purported by the State/locality to be in effect during the Agreement period. Changes to the method of accounting for costs which affect the amount of reimbursement resulting from the use of this Agreement require prior approval of the authorized representative of the Cognizant Agency. Such changes include, but are not limited to, changes in the charging of a particular type of cost from an allocated cost to be billed cost. Failure to obtain approval may result in cost disallowances.

C. FIXED AMOUNTS: If fixed amounts are approved in Section I of this Agreement, they are based on an estimate of the costs for the period covered by the Agreement. When the actual costs for this period are determined, adjustments will be made to the amounts of a future year to compensate for the difference between the costs used to establish the fixed amounts and actual costs.

D. BILLED COSTS: Charges for the services listed in Section II will be billed in accordance with rates established by the State/locality. These rates will be based on the estimated costs of providing the services. Adjustments for variances between billed costs and the actual allowable costs of providing the services, as defined by 2 CFR 200, will be made in accordance with procedures agreed to between the State/locality and the Cognizant Agency.

E. USE BY OTHER FEDERAL AGENCIES: This Agreement was executed in accordance with the authority in 2 CFR 200, and should be applied to grants, contracts and other agreements covered by that Circular, subject to any limitations in Paragraph A above. The State/locality may provide copies of the Agreement to other Federal Agencies to give them early notification of the Agreement.
