The amounts hereinabove appropriated for charity care or other funding to a health care facility is conditioned upon the following requirement: such health care facility shall participate in planning meetings supervised by the Department of Health for the planning of the provision of hospital, medical, or health programs and services, and shall, to the extent permitted by State and federal law, share patient-level data as needed to facilitate such purposes.

Notwithstanding the provisions of any law or regulation to the contrary, the amounts hereinabove appropriated from the Health Care Subsidy Fund for charity care payments are subject to the following condition: In a manner determined by the Commissioner of Health and subject to the approval of the Director of the Division of Budget and Accounting, eligible hospitals shall receive (1) their charity care subsidy payments beginning in July 2015, and (2) their January 2016 payments in December 2015.

16-100-046-4270-142 4270-140-073050-61

Notwithstanding the provisions of any law or regulation to the contrary, the amounts hereinabove appropriated for Graduate Medical Education (GME) are conditioned upon the following: except as otherwise provided and subject to such modifications as may be required by the Centers for Medicare and Medicaid Services in order to achieve any required federal approval and full Federal Financial Participation, a hospital's GME distribution shall be calculated based on the following: The subsidy payment shall be split into a Direct Medical Education (DME) allocation, which is calculated by multiplying the total subsidy amount by the ratio of 2013 total median Medicaid managed care DME costs-to-2013 total median Medicaid managed care GME costs; and an Indirect Medical Education (IME) allocation, which is calculated by multiplying the total subsidy amount by the ratio of 2013 total Medicaid managed care IME costs-to-total 2013 Medicaid managed care GME costs. Each hospital's percentage of total 2013 Medicaid managed care DME costs shall be multiplied by the DME allocation to calculate its DME payment. Each hospital's percentage of total 2013 Medicaid managed care IME costs shall be multiplied by the IME allocation to calculate its IME payment. The sum of a hospital's DME and IME payments equal its subsidy payment. The total amount of these payments shall not exceed \$127,272,727 and shall be paid in twelve monthly payments. In the event that a hospital reported less than twelve months of 2013 Medicaid costs, the number of reported months of data regarding days, costs, or payments shall be annualized. In the event that a hospital did not report its Medicaid managed care days on the cost report utilized in this calculation, the Department of Health (DOH) shall ascertain Medicaid Managed Care encounter days for Medicaid and NJ Family Care clients as reported by insurers to the State for the following reporting period: services dates between January 1, 2013 and December 31, 2013; payment dates between January 1, 2013 and December 31, 2014; and a run-date not later than January 31, 2015. Medicaid managed care DME cost is defined as the approved intern and residency program costs using the 2013 Medicaid cost report total residency costs, reported on Worksheet B Pt I Column 21 line 21 plus Worksheet B Pt I Column 22 Line 22 divided by 2013 resident full time equivalent employees [FTE], reported on Worksheet S-3 Part 1 Column 9 line 12 to develop an average cost per FTE for each hospital used to calculate the overall median cost per FTE. The median cost per FTE is multiplied by the 2013 resident FTEs reported on Worksheet S-3 Part 1 Column 9 line 12 to develop approved total residency program costs. The approved residency costs are multiplied by the quotient of Medicaid managed care days, reported on Worksheet S-3 Column 5 Line 2, divided by the quantity of total days, on Worksheet S-3 Column 8 Line 14, less nursery days, on Worksheet S-3 Column 8 Line 13. Medicaid managed care IME cost is defined as the Medicare IME factor multiplied by Medicaid Managed Care encounter payments for Medicaid and NJ FamilyCare clients as reported by insurers to the State for the following reporting period: services dates between January 1, 2013 and December 31, 2013; payment dates between January 1, 2013 and December 31, 2014; and a run-date of not later than January 31, 2015. The IME factor is calculated using the Medicare IME formula as follows: 1.35 \* [(1 + x)]^0.405 - 1], in which "x" is the quotient of submitted IME resident full-time equivalencies reported on Worksheet S-3 Part 1 Column 9 line 12 divided by the quantity of total available beds less nursery beds reported Worksheet S-3 Part 1 Column 1 Line 12. In the event that a hospital believes that there are mathematical errors in the calculations, or data not matching the actual source documents used to calculate the subsidy as defined above, hospitals shall be permitted to file calculation appeals within 15 working days of receipt of the subsidy allocation letter. If upon review it is determined by the DOH that the error has occurred and would constitute at least a five percent change in the hospital's allocation amount, a revised industry-wide allocation shall be issued.

Notwithstanding the provisions of R.S.30:4-78, or any law or regulation to the contrary, the State share of payments from the Support of Patients in County Psychiatric Hospitals account to the several county psychiatric facilities on behalf of the reasonable cost of maintenance of patients deemed to be county indigents shall be at the rate of 125% of the rate established by the Commissioner of Human Services for the period July 1 to December 31 and at the rate of 45% of the rate established by the Commissioner of Human Services for the period January 1 to June 30 such that the total amount to be paid by the State on behalf of county indigent patients for the calendar year shall not exceed 85% of the total reasonable per capita cost; and further provided that the rate at which the State will reimburse the county psychiatric hospitals shall not exceed 100% of the per capita rate at which each county pays to the State for the reasonable cost of maintenance and clothing of each patient residing in a State psychiatric facility, excluding the depreciation, interest and carry-forward adjustment components of this rate, and including the depreciation, interest, and carry-forward adjustment components of each individual county psychiatric hospital's rate established for the period January 1 to December 31 by the Commissioner of Human Services. The initial determination of whether a county hospital rate exceeds the per capita rate that counties pay to the State on behalf of applicable patients residing in a State psychiatric facility will be based on a comparison of estimated cost used to set reimbursement rates for the upcoming calendar year. A second comparison of the actual per diem costs of the county psychiatric hospital and State psychiatric hospitals will be completed after actual cost reports for the period are available including an inflationary adjustment for the six-month difference in fiscal reporting periods between State and county hospitals. The county hospital carry-forward adjustment to be included in rates paid by the State will exclude costs found to exceed 100% of the actual cost rate of the State psychiatric facilities.

7540-140-220000

Notwithstanding the provisions of subparagraphs (8) of subsection i. of section 3 of P.L.1968, c.413 (C.30:4D-3) and subparagraphs (3), (4), and (5) of subsection g of section 6 of P.L.1968, c.413 (C.30:4D-6), or any other law or regulation to the contrary, the amounts hereinabove appropriated in the General Medical Services program classification are subject to the following conditions: in order to encourage home and community services as an alternative to nursing home placement, consistent with the federally approved Section 1115 Medicaid demonstration waiver and any approved amendments thereto, the Commissioner of Human Services is authorized to adjust financial eligibility and other requirements and services for medically needy eligibility groups and the Managed Long Term Services and Support population, subject to the approval of the Director of the Division of Budget and Accounting and subject to any other required federal approval.

7540-140-220000

Notwithstanding the provisions of any law or regulation to the contrary, the amounts hereinabove appropriated in the General Medical Services program classification are subject to the following condition: effective January 1, 2015, the Commissioner of Human Services is authorized to provide any or all types and levels of services that are provided through the Medicaid State Plan's Alternative Benefit Plan to any or all of the types of qualified applicants described in subparagraphs (1), (2), (4), (6), (7), (9), (10), (11), (12), (13), (16(a)), (17), (18), and (19) of subsection i. of section 3 of P.L.1968, c.413 (C.30:4D-3), subject to the approval of the Director of the Division of Budget and Accounting and subject to any required federal approval.

All funds recovered pursuant to P.L.1968, c.413 (C.30:4D-1 et seq.) and P.L.1975, c.194 (C.30:4D-20 et seq.) during the preceding fiscal year are appropriated for payments to providers in the same program classification from which the recovery originated.

Notwithstanding the provisions of any law or regulation to the contrary, a sufficient portion of receipts generated or savings realized in the Medical Services for the Aged or Pharmaceutical Assistance to the Aged and Disabled Grants-In-Aid accounts from initiatives included in the current fiscal year appropriations act may be transferred to administration accounts to fund costs incurred in realizing these additional receipts or savings, subject to the approval of the Director of the Division of Budget and Accounting.

Subject to federal approval, the appropriations for those programs within the Medical Services for the Aged program classification are conditioned upon the Department of Human Services implementing policies that would limit the ability of persons who have the financial ability to provide for their own long-term care needs to manipulate current NJ FamilyCare rules to avoid payment for that care. The Division of Medical Assistance and Health Services and the Division of Aging Services shall require, in the case of a married individual requiring long-term care services, that the portion of the couple's resources which are not protected for the needs of the community spouse be used solely for the purchase of long-term care services.

Such amounts as may be necessary are hereinabove appropriated from enhanced audit recoveries obtained by the Department of Human Services to fund the costs of enhanced audit recovery efforts of the Department within the Medical Services for the Aged program classification, subject to the approval of the Director of the Division of Budget and Accounting.

The amounts hereinabove appropriated for Payments for Medical Assistance Recipients - Nursing Homes are available for the payment of obligations applicable to prior fiscal years.

Such amounts as may be necessary are hereinabove appropriated from the General Fund for the payment of increased nursing home rates to reflect the costs incurred due to the payment of a nursing home provider assessment, pursuant to the "Nursing Home Quality of Care Improvement Fund Act," P.L.2003, c.105 (C.26:2H-92 et seq.), and P.L.2004, c.41, subject to the approval of the Director of the Division of Budget and Accounting.

Benefits provided under the Pharmaceutical Assistance to the Aged and Disabled (PAAD) program, P.L.1975, c.194 (C.30:4D-20 et seq.), and the Senior Gold Prescription Discount Program, P.L.2001, c.96 (C.30:4D-43 et seq.), shall be the last resource benefits, notwithstanding any provisions contained in contracts, wills, agreements, or other instruments. Any provision in a contract of insurance, will, trust agreement, or other instrument which reduces or excludes coverage or payment to an individual because of that individual's eligibility for, or receipt of, PAAD or Senior Gold Prescription Discount Program benefits shall be void, and no PAAD and Senior Gold Prescription Discount Program payments shall be made as a result of any such provision.
Of the amount hereinabove appropriated in the Pharmaceutical Assistance to the Aged and Disabled-Claims program, notwithstanding the provisions of section 3 of P.L.1975, c.194 (C.30:4D-22) or any law or regulation to the contrary, the copayment in the Pharmaceutical Assistance to the Aged and Disabled program shall be \$5 for generic drugs and \$7 for brand name drugs.
Notwithstanding the provisions of any law or regulation to the contrary, subject to the approval of a plan by the Commissioner of Human Services, no funds appropriated for the Pharmaceutical Assistance to the Aged and Disabled (PAAD) program, pursuant to P.L.1975, c.194 (C.30:4D-20 et seq.), or the Senior Gold Prescription Discount Program (Senior Gold), pursuant to P.L.2001, c.96 (C.30:4D-43 et seq.), shall be expended, when PAAD or Senior Gold is the primary payer, unless participating pharmaceutical manufacturing companies execute contracts with the Department of Human Services. Name brand manufacturers must provide for the payment of rebates to the State on the same basis as provided for in subsections (a) through (c) of section 1927 of the federal Social Security Act, 42 U.S.C. s.1396r-8.
Notwithstanding the provisions of any law or regulation to the contrary, no funds appropriated for the Pharmaceutical Assistance to the Aged and Disabled (PAAD) program, pursuant to P.L.1975, c.194 (C.30:4D-20 et seq.), and the Senior Gold Prescription Discount Program, pursuant to P.L.2001, c.96 (C.30:4D-43 et seq.), shall be expended unless participating pharmaceutical manufacturing companies execute contracts with the Department of Human Services, providing for the payment of rebates to the State. Furthermore, rebates from pharmaceutical manufacturing companies for prescriptions purchased by the PAAD program and the Senior Gold Prescription Discount Program shall continue during the current fiscal year, provided that the manufacturer's rebates for PAAD claims paid as secondary to Medicare Part D and for the Senior Gold Prescription Discount Program shall apply only to the amount paid by the State under the PAAD and Senior Gold Prescription Discount Program. All revenues from such rebates during the current fiscal year are appropriated for the PAAD program and the Senior Gold Prescription Discount Program.
In addition to the amount hereinabove appropriated for the Pharmaceutical Assistance to the Aged and Disabled and the Senior Gold Prescription Discount programs, there are appropriated from the General Fund and available federal matching funds such additional amounts as may be required for the payment of claims, credits, and rebates, subject to the approval of the Director of the Division of Budget and Accounting.
Notwithstanding the provisions of any law or regulation to the contrary, the appropriations for the Pharmaceutical Assistance to the Aged and Disabled program and the Senior Gold Prescription Discount Program are conditioned upon the Department of Human Services coordinating benefits with any voluntary prescription drug mail-order or specialty pharmacy in a Medicare Part D provider network or private third party liability plan network for beneficiaries enrolled in a Medicare Part D program or beneficiaries with primary prescription coverage that requires use of mail order. The mail-order program may waive, discount, or rebate the beneficiary copayment and mail-order pharmacy providers may dispense up to a 90-day supply on prescription refills with the voluntary participation of the beneficiary, subject to the approval of the Commissioner of Human Services and the Director of the Division of Budget and Accounting.
Notwithstanding the provisions of any law or regulation to the contrary, the amounts hereinabove appropriated for the Pharmaceutical Assistance to the Aged and Pharmaceutical Assistance to the Aged and Disabled (PAAD) programs are conditioned upon the Department of Human Services coordinating the benefits of the PAAD programs with the prescription drug benefits of the federal "Medicare Prescription Drug, Improvement, and Modernization Act of 2003" as the primary payer due to the current federal prohibition against State automatic enrollment of PAAD recipients in the federal program. The PAAD program benefit and reimbursement shall only be available to cover the beneficiary cost share to in-network pharmacies and for deductible and coverage gap costs (as determined by the Commissioner of Human Services) associated with enrollment in Medicare Part D for beneficiaries of the PAAD and Senior Gold Prescription Discount programs, and for Medicare Part D premium costs for PAAD beneficiaries.
Notwithstanding the provisions of any law or regulation to the contrary, no funds appropriated in the Pharmaceutical Assistance to the Aged or Pharmaceutical Assistance to the Aged and Disabled (PAAD) program and Senior Gold Prescription Discount Program accounts shall be available as payment as a PAAD program or Senior Gold Prescription Discount Program benefit to any pharmacy that is not enrolled as a participating pharmacy in a pharmacy network under Medicare Part D.

Notwithstanding the provisions of any law, regulation or Executive Order to the contrary, any purchase by the State or by a State agency or local government unit of equipment, goods or services related to homeland security and domestic preparedness, that is paid for or reimbursed by State funds appropriated in this fiscal year, to the Department of Law and Public Safety, for Homeland Security and Preparedness under program classification, may be made through the receipt of public bids or as an alternative to public bidding and subject to the provisions of this paragraph, through direct purchase without advertising for bids or rejecting bids already received but not awarded. Purchases made without public bidding shall be from vendors that shall: (1) be holders of a current State contract for the equipment, goods or services sought, or (2) be participating in a federal procurement program established by a federal department or agency, or (3) have been approved by the State Treasurer in consultation with the Director of the Office of Homeland Security and Preparedness. The equipment, goods or services purchased by a local government unit receiving such State funds by subgrant, shall be referred to in the grant agreement issued by the Office of Homeland Security and Preparedness and shall be authorized by resolution of the governing body of the local government unit entering into the grant agreement. Such resolution may, without subsequent action of the local governing body, simultaneously accept the grant from the State administrative agency, authorize the insertion of the revenue and offsetting appropriation in the budget of the local government unit, and authorize the contracting agent of the local government unit to procure the equipment, goods or services. A copy of such resolution shall be filed with the chief financial officer of the local government unit and the Division of Local Government Services in the Department of Community Affairs.

	TOTAL APPROPRIATION, FEDERAL FUNDS	····· _	17,323,048

Notwithstanding the provisions of any State law or regulation to the contrary, no State agency shall accept or expend federal funds except as appropriated by the Legislature or otherwise provided in this act.

In addition to the federal funds appropriated in this act, there are appropriated the following federal funds, subject to the approval of the Director of the Division of Budget and Accounting: emergency disaster aid funds including grants for preventive measures; pass-through grants to political subdivisions of the State over which the State is not permitted to exercise discretion in the use or distribution of the funds and for which no State matching funds are required; the first 25% of unanticipated grant awards, and up to 25% of increases in previously anticipated grant awards for which no State matching funds are required except, for the purpose of this section, federal funds received by one executive agency that are ultimately expended by another executive agency shall not be considered pass-through grants; federal financial aid funds for students attending post-secondary educational institutions in excess of the amount specifically appropriated, and any such grants intended to prevent threats to homeland security up to 100% of previously anticipated or unanticipated grant award amounts for which no State matching funds are required, provided, however, that the Director of the Division of Budget and Accounting shall notify the Legislative Budget and Finance Officer of such grants; and all other grants of \$500,000 or less.

For the purposes of federal funds appropriations, "political subdivisions of the State" means counties, municipalities, school districts, or agencies thereof, regional, county or municipal authorities, or districts other than interstate authorities or districts; "discretion" refers to any action in which an agency may determine either the amount of funds to be allocated or the recipient of the allocation; and "grants" refers to one-time, or time limited awards, which are received pursuant to submission of a grant application in competition with other grant applications.

The unexpended balances at the end of the preceding fiscal year of federal funds are appropriated for the same purposes. The Director of the Division of Budget and Accounting shall inform the Legislative Budget and Finance Officer by November 1 of the current fiscal year of any unexpended balances which are continued.

Out of the appropriations herein, the Director of the Division of Budget and Accounting is empowered to approve payments to liquidate any unrecorded liabilities for materials delivered or services rendered in prior fiscal years, upon the written recommendations of any department head or the department head's designated representative. The Director of the Division of Budget and Accounting shall reject any recommendations for payment which the Director deems improper.

In order to permit flexibility in the handling of appropriations and ensure the timely payment of claims to providers of medical services, amounts may be transferred to and from the various items of appropriation within the General Medical Services program classification, and within the federal matching funding, in the Division of Medical Assistance and Health Services and Division of Disability Services in the Department of Human Services, and within the Medical Services for the Aged program classification, and within the federal matching funding, in the Division of Aging Services in the Department of Human Services, subject to the approval of the Director of the Division of Budget and Accounting. Notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer.

Notwithstanding the provisions of any law, regulation or Executive Order to the contrary, any purchase by the State or by a State agency or local government unit of equipment, goods or services related to homeland security and domestic preparedness, that is paid for or reimbursed by federal funds awarded by the U.S. Department of Homeland Security or other federal agency, appropriated in the current fiscal year, may be made through the receipt of public bids or as an alternative to public bidding and subject to the provisions of this paragraph, through direct purchase without advertising for bids or rejecting bids already received but not awarded. The equipment, goods or services purchased by a local government unit shall be referred to in the grant agreement issued by the State administrative agency administering such funds and shall be authorized by resolution of the governing body of the local government unit entering into the grant agreement. Such resolution may, without subsequent action of the local governing body, simultaneously accept the grant from the State administrative agency, authorize the insertion of the revenue and offsetting appropriation in the budget of the local government unit, and authorize the contracting agent of the local government unit to procure the equipment, goods or services. A copy of such resolution shall be filed with the chief financial officer of the local government unit, the State administrative agency and the Division of Local Government Services in the Department of Community Affairs. Purchases made without public bidding shall be from vendors that shall either (1) be holders of a current State contract for the equipment, goods or services sought, or (2) be participating in a federal procurement program established by a federal department or agency, or (3) have been approved by the State Treasurer in consultation with the New Jersey Domestic Security Preparedness Task Force. All homeland security purchases herein shall continue to be subject to all grant requirements and conditions approved by the State administrative agency. The Director of the Division of Purchase and Property may enter into or participate in purchasing agreements with one or more other states, or political subdivisions or compact agencies thereof, for the purchase of such equipment, goods or services, using monies appropriated under this act, to meet the domestic preparedness and homeland security needs of this State. Such purchasing agreement may provide for the sharing of costs and the methods of payments relating to such purchases. Furthermore, a county government awarding a contract for Homeland Security equipment, goods or services, may, with the approval of the vendor, extend the terms and conditions of the contract to any other county government that wants to purchase under that contract, subject to notice and documentation requirements issued by the Director of the Division of Local Government Services.

Of the amounts appropriated for Income Maintenance Management, amounts may be transferred to the various departments in accordance with the Division of Family Development's agreements, subject to the approval of the Director of the Division of Budget and Accounting. Any unobligated balances remaining from funds transferred to the departments shall be transferred back to the Division of Family Development subject to the approval of the Director of the Division of Budget and Accounting.

#### FEDERAL FUNDS

Notwithstanding the provisions of any law or regulation to the contrary, in addition to the federal funds hereinabove appropriated, there are appropriated to the appropriate executive agencies, subject to the approval of the Director of the Division of Budget and Accounting, such additional federal funds received during this fiscal year pursuant to any federal law authorizing a federal economic stimulus program or any other similar federal program for the purposes, projects, and programs set forth in such law; provided, however, that if the federal law does not delineate the specific purposes, projects, and programs to be funded by the federal funds, the purposes, projects, and programs to be funded by the federal funds shall be subject to the approval of the Joint Budget Oversight Committee, and further provided, however, that the State Treasurer shall report to the President of the Senate, the Speaker of the General Assembly, the Chair of the Senate Budget and Appropriations Committee, and the Chair of the Assembly Budget Committee at least quarterly on the receipt and utilization of all additional federal funds received during this fiscal year pursuant to any federal law authorizing a federal economic stimulus program.

Officials from the appropriate executive agencies are hereby authorized to take such steps, if any, as may be necessary to qualify for, apply for, receive and expend such federal funds and to make such commitments, representations and other agreements as may be required by the federal government to receive federal funds under federal law authorizing the federal economic stimulus program or any other similar federal law. Furthermore, and notwithstanding the provisions of any other law or regulation to the contrary, officials from the appropriate executive agencies may encumber any of these federal funds appropriated pursuant to this provision prior to entering into any contract, grant or other agreement obligating the federal funds, subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of any law or regulation to the contrary, federal funds provided under the State Energy Program (SEP) and the Energy Efficiency and Conservation Block Grant Program (Block Grant Program), pursuant to the American Recovery and Reinvestment Act, Pub.L. 111-5 and any other similar type of federal stimulus law which may be hereinafter enacted (collectively referred to as ARRA), are appropriated. Subject to the approval of the Director of the Division of Budget and Accounting as set forth below, such appropriations are to include the administrative costs of the respective agencies in administering the specified programs provided such use is consistent with ARRA and federal approvals. In the event that the administrative costs are not permitted to be paid from the ARRA monies received by the State, there is hereby appropriated from the Clean Energy Fund, subject to the approval of the Director of the Division of Budget and Accounting such amounts as shall be necessary to pay for the administrative costs of the agencies administering the specified programs listed below. Notwithstanding the specific appropriations made below, in the event that the federal funds received under ARRA are not in their entirety or in part allocated to the specific purposes listed below, to permit flexibility in the handling of appropriations, amounts may be transferred to and from the various items of the appropriations listed below or may be used for such other purposes permitted under ARRA subject to the approval of the Director of the Division of Budget and Accounting and upon the recommendation of the State Treasurer. The federal funds provided pursuant to ARRA with respect to the SEP shall be used only for purposes allowed under part D of Title III of the Energy Policy and Conservation Act (42 U.S.C. 6321 et seq.), and the federal funds provided pursuant to ARRA with respect to the Block Grant Program shall be used only for implementation of programs authorized under subtitle E of Title V of the Energy Independence and Security Act of 2007 (42 U.S.C. 17151 et seq.). With respect to all federal funds which are appropriated pursuant to this provision, New Jersey Economic Development Authority (NJEDA), New Jersey Housing Mortgage Finance Agency (HMFA), the Office of Energy Savings and the BPU shall prepare and timely submit to the United States Department of Energy (USDOE) the reports required under subsection (c) of section 1512 of Pub.L. 111-5, including without limitation the detailed information required with respect to all projects or activities for which such federal funds were expended or obligated.

a. SEP. SEP monies received by the State under ARRA are hereby appropriated to the Clean Energy Fund and shall be allocated by the Board of Public Utilities (BPU) as follows. The BPU shall enter into memoranda of understanding with the applicable agencies listed below which memoranda of understanding shall provide for the transfer of such monies to the applicable agencies for the purposes listed below. (1) \$14,216,606 to the NJEDA for a grant and loan program to be developed and administered by the NJEDA to fund public and private renewable energy, energy efficiency and alternative energy projects, with applications prioritized based on the ability to create jobs, reduce greenhouse gas emissions, save or create energy, and provide for innovative technology; (2) \$20,187,801 for a program to be developed and administered by the BPU for grants to State departments, agencies, authorities and public colleges and universities for renewable and energy efficiency projects at such entities, including but not limited to, wind, solar, or hydro energy, biofuels, geothermal, and energy storage applications, with applications prioritized by an interagency evaluation team consisting of one representative each from each of the following, BPU, NJEDA, Office of Economic Growth, New Jersey Commission on Science and Technology, and the Office of Energy Savings, based on the ability to create jobs, reduce greenhouse gas emissions, save or create energy, and provide for innovative technology; (3) \$9,110,306.50 to the HMFA for a program to be developed and administered by the HMFA to provide financing for the construction of solar energy projects on qualified multi-family housing financed through the HMFA, such funds to be leveraged with existing State energy rebate programs and the federal investment tax credit, with grants prioritized based on the ability to create jobs, generate energy, provide benefits to property residents and to meet HMFA timeframes, and with HMFA retaining ownership of all related solar renewable energy certificates for the purpose of establishing a revolving fund to support additional solar energy projects at HMFA-supported residential properties; (4) \$1,331,402 to the HMFA for a low-interest loan program to be developed and administered by the HMFA for energy efficiency upgrades at single-family and multi-family facilities that are at or below 250% of the area median income (the higher of statewide or county median income) based on a family of four, and affordable multi-family housing owners which meet HMFA's affordability requirements, and which are not eligible for equivalent financing programs offered by the utilities or the Clean Energy Program; (5) \$15,500,870.50 to the Clean Energy Program for energy efficiency programs administered by the BPU, to be issued to public and private entities on a first-come, first-served basis and specifically targeting customers who are either not currently eligible for Clean Energy Fund incentives or whose energy consumption patterns do not make them likely applicants; (6) \$6,328,000 to the Office of Energy Savings in the Department of the Treasury for the purposes of energy efficiency and renewable energy programs and projects in State facilities, including State offices, State health facilities and State prisons; (7) \$4,871,651 to the State Energy Office for implementing energy conservation measures in State-owned and operated facilities; and (8) \$2,093,363 for grants administered by the BPU to State departments, agencies, authorities and public colleges and universities for energy efficient equipment purposes which will reduce energy demand and greenhouse gas emissions by replacing aging, energy intense equipment with new, more efficient models.

In the event that any of the SEP monies appropriated pursuant to the preceding paragraph are not expended by the date required by the USDOE, the appropriations of such funds pursuant to the preceding paragraph are hereby cancelled, and such unexpended funds are hereby appropriated, subject to the approval of the USDOE and the Director of the Division of Budget and Accounting to the New Jersey Department of the Treasury to establish a revolving energy efficiency project fund (Energy Efficiency Project Fund) for the purposes of funding energy efficiency and renewable energy programs and projects in State facilities, including but not limited to State offices, State health facilities and State prisons. The monies appropriated from the Energy Efficiency Project Fund shall be repaid to the Energy Efficiency Project Fund by the department receiving such monies as follows: of the amounts hereinabove appropriated in this Act to each department receiving monies from the Energy Efficiency Project Fund, there is hereby appropriated for deposit in the Energy Efficiency Project Fund an amount equivalent to the annual repayment due to the Energy Efficiency Project Fund or the actual savings achieved, whichever is greater.

b. Block Grant Program. Block Grant monies received by the State under ARRA are hereby appropriated as follows: (1) \$4,160,700 to the Office of Energy Savings in the Department of the Treasury for the purposes of energy efficiency and renewable energy programs and projects in State facilities, including State offices, State health facilities and State prisons; and (2) \$10,240,000 to the BPU for grants to cities, counties and other local units of government which are not eligible to receive directly from the federal government funds under the Block Grant Program.

Notwithstanding the provisions of any law or regulation to the contrary, the Department of Labor and Workforce Development shall consider consistent with applicable federal law a formal association of community based organizations to be a "local consortium" for the purposes of receiving funding for the delivery of English as a Second Language or Civics education/training.

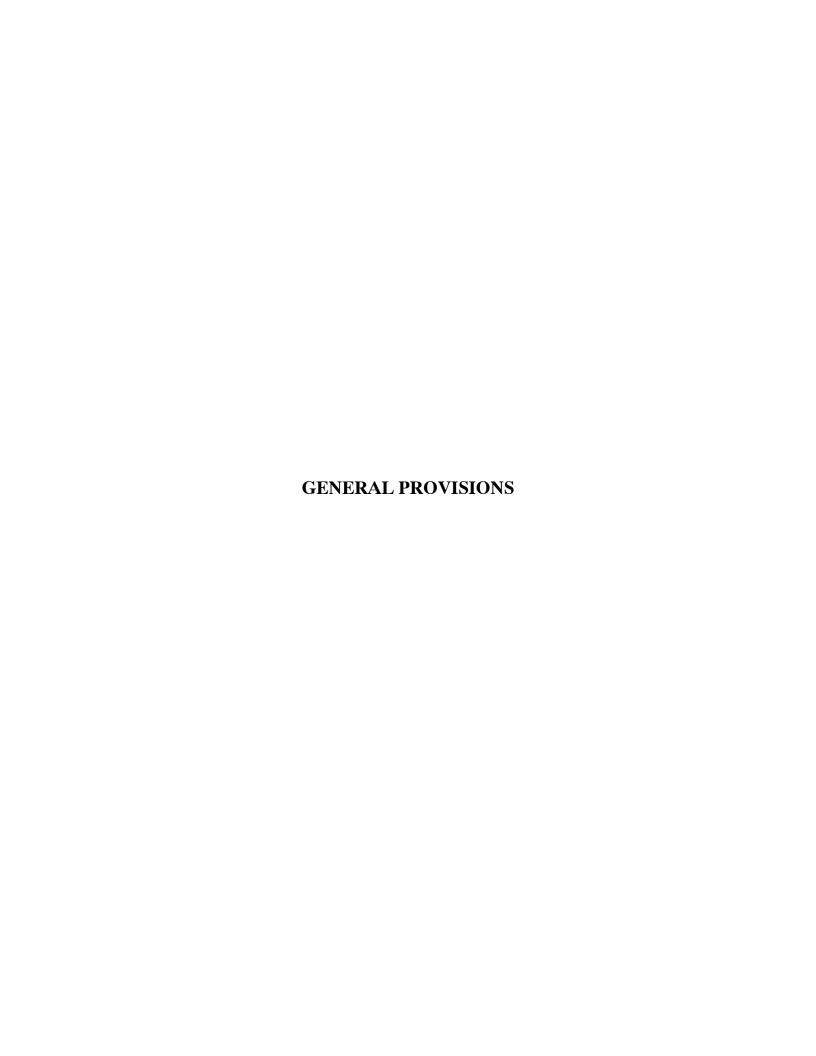

In order to permit flexibility in the handling of appropriations and ensure the timely payment of claims to providers of medical services, amounts may be transferred among accounts in the Children's System of Care Services program classification. Amounts may also be transferred to and from various items of appropriation within the General Medical Services program classification of the Division of Medical Assistance and Health Services in the Department of Human Services and the Children's System of Care Services program classification in the Department of Children and Families. All such transfers are subject to the approval of the Director of the Division of Budget and Accounting. Notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer.

The federal grant funds hereinabove appropriated are subject to the following condition: in the event that the agency receiving the funds from the federal government enters into an agreement with another agency as the subgrantee of such federal funds, the funds may be transferred to such subgrantee agency, subject to the approval of the Director of the Division of Budget and Accounting. Notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer.

Notwithstanding the provisions of any law or regulation to the contrary, in order to permit flexibility in the management of federal grant funds, amounts appropriated or transferred from such federal funds to State departments as subgrantees of other State departments may be transferred back to an item of appropriation in the original grant recipient department upon completion of the funded activity, subject to the approval of the Director of the Division of Budget and Accounting. Notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer.

Notwithstanding the provisions of any law or regulation to the contrary, the federal funds hereinabove appropriated to the Department of Transportation are subject to the following condition: in order to ensure the continued flow of necessary federal funds for important State and local transportation projects, in the event the Federal Highway Administration (FHWA) objects to the form of the department's request for submission of competitive bids or to the form or contents of related grant agreements funded with federal funds, the department shall make any changes to such requests or contracts as may be determined by the FHWA to be necessary to comply with federal law; and any other department, agency or authority affected by such action is required to take any further actions required in order for it to be in accordance with the changes required by FHWA.

  - a. To permit flexibility in the handling of appropriations, any department or agency that receives an appropriation by law, may, subject to the provisions of this section, or unless otherwise provided in this act, apply to the Director of the Division of Budget and Accounting for permission to transfer funds from one item of appropriation to a different item of appropriation. For the purposes of this section, "item of appropriation" means the spending authority identified by an organization code, appropriation source, and program code, unique to the item. If the director consents to the transfer, the amount transferred shall be credited by the director to the designated item of appropriation and notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer.     - (3) Requests for the transfer of State and other nonfederal funds, in amounts greater than \$50,000, to or from any Special Purpose or Grant account in which the identifying organization code, appropriation source, and program code, remain the same, provided that the transfer would effect a change in the legislative intent of the appropriations;
    - (4) Requests for the transfer of State funds, in amounts greater than \$50,000, between items of appropriation in different departments or between items of appropriation in different appropriation classifications herein entitled as Direct State Services, Grants-In-Aid, State Aid, Capital Construction and Debt Service;
    - (5) Requests for the transfer of federal funds, in amounts greater than \$300,000, from one item of appropriation to another item of appropriation, if the amount of the transfer to an item in combination with the amount of the appropriation to that item would result in an amount in excess of the appropriation authority for that item, as defined by the program class;
    - (6) Requests for such other transfers as are appropriate in order to ensure compliance with the legislative intent of this act.
  - b. The Joint Budget Oversight Committee or its successor may review all transfer requests submitted for legislative approval and may direct the Legislative Budget and Finance Officer to approve or disapprove any such transfer request. Transfers submitted for legislative approval pursuant to paragraph (4) of subsection a. of this section shall be made only if approved by the Legislative Budget and Finance Officer at the direction of the committee.

If any provision of this act or any supplement thereto requires the Legislative Budget and Finance Officer to approve or disapprove requests for the transfer of funds, the request shall be deemed to be approved by the Legislative Budget and Finance Officer if, within 20 working days of the physical receipt of the request, he has not disapproved the request and so notified the requesting officer. However, this time period shall not pertain to any transfer request under review by the Joint Budget Oversight Committee or its successor, provided notice of such review has been given to the director.
  - d. No amount appropriated for any capital improvement shall be used for any temporary purpose except extraordinary snow removal or extraordinary transportation maintenance, subject to the approval of the Director of the Division of Budget and Accounting. However, an amount from any appropriation for an item of capital improvement may be transferred to any other item of capital improvement subject to the approval of the director, and, if in an amount greater than \$300,000, subject to the approval of the Legislative Budget and Finance Officer.
  - e. The provisions of subsections a. through d. of this section shall not apply to appropriations made to the Legislative or Judicial branches of State government. To permit flexibility in the handling of these appropriations, amounts may be transferred to and from the various items of appropriation by the appropriate officer or designee with notification given to the director on the effective date thereof.
  - f. Notwithstanding any provisions of this section to the contrary, transfers to and from the Special Purpose appropriation to the Governor for emergency or necessity under the Other Interdepartmental Accounts program classification and transfers from the appropriations to the various accounts in the category of Salary Increases and Other Benefits, both in the Interdepartmental Accounts, shall not be subject to legislative approval or disapproval.

The Director of the Division of Budget and Accounting shall make such correction of the title, text or account number of an appropriation necessary to make such appropriation available in accordance with legislative intent. Such correction shall be by written ruling, reciting in appropriate detail the facts thereof, and reasons therefore, attested by the signature of the Director of the Division of Budget and Accounting and filed in the Division of Budget and Accounting of the Department of the Treasury as an official record thereof, and any action thereunder, including disbursement and the audit thereof, shall be legally binding and of full force and virtue. An official copy of each such written ruling shall be transmitted to the Legislative Budget and Finance Officer, upon the effective date of the ruling.

- 20. None of the funds appropriated to the Executive Branch of State government for Information Processing, Development, Telecommunications, and Related Services and Equipment shall be available to pay for any of these services or equipment without the review of the Office of Information Technology, and compliance with statewide policies and standards and an approved department Information Technology Strategic Plan.

- 21. If the amount provided in this act for a State Aid payment pursuant to formula is insufficient to meet the full requirements of the formula, all recipients of State Aid shall have their allocation proportionately reduced, subject to the approval of the Director of the Division of Budget and Accounting.
- 22. When the duties or responsibilities of any department or branch, except for the Legislature and any of its agencies, are transferred to any other department or branch, it shall be the duty of the Director of the Division of Budget and Accounting and the director is hereby empowered to transfer funds appropriated for the maintenance and operation of any such department or branch to such department or branch as shall be charged with the responsibility of administering the functions so transferred. The Director of the Division of Budget and Accounting shall have the authority to create such new accounts as may be necessary to carry out the intent of the transfer. Information copies of such transfers shall be transmitted to the Legislative Budget and Finance Officer upon the effective date thereof. If such transfers may be required among appropriations made to the Legislature and its agencies, the Legislative Budget and Finance Officer, subject to the approval of the President of the Senate and the Speaker of the General Assembly, is hereby empowered and it shall be that officer's duty to effect such transactions hereinabove described and to notify the Director of the Division of Budget and Accounting upon the effective date thereof.
- 23. The Director of the Division of Budget and Accounting is empowered and it shall be the director's duty in the disbursement of funds for payment of expenses classified as salary increases and other benefits, employee benefits, debt service, rent, telephone, data processing, motor pool, insurance, travel, postage, lease payments on equipment purchases, additions, improvements and equipment, and compensation awards, to credit or transfer to the Department of the Treasury, to an Interdepartmental account, or to the General Fund, as applicable, from any other department, branch or non-State fund source out of funds appropriated or credited thereto, such amounts as may be required to cover the costs of such payment attributable to such other department, branch or non-State fund source, or to reimburse the Department of the Treasury, an Interdepartmental account, or the General Fund for reductions made representing statewide savings in the above expense classifications, as the director shall determine. With respect to payment of expenses classified as utilities and maintenance contracts, the Director is empowered and it shall be the Director's duty in the disbursement of funds to credit or transfer to the Department of the Treasury, to an Interdepartmental account, or to the General Fund, as applicable, from any other department or non-State fund source, but not from the Legislature or the Judiciary, out of funds appropriated or credited thereto, such amounts as may be required to cover the costs of such payment attributable to such other department or non-State fund source, or to reimburse the Department of the Treasury, an Interdepartmental account, or the General Fund for reductions made representing statewide savings in these expense classifications, as the director shall determine. Receipts in any non-State funds are appropriated for the purpose of such transfer.
- 24. The Governor is empowered to direct the State Treasurer to transfer from any State department to any other State department such amounts as may be necessary for the cost of any emergency occasioned by aggression, civil disturbance, sabotage, or disaster. In addition, there are appropriated such additional amounts as may be necessary for emergency repairs and reconstruction of State facilities or property, subject to the approval of the Director of the Division of Budget and Accounting and the Joint Budget Oversight Committee. Appropriations referred to the Joint Budget Oversight Committee shall be deemed approved, unless a resolution of disapproval is adopted within 10 working days of receipt of notification of the proposed appropriation.
- 25. Upon request of any department receiving non-State funds, the Director of the Division of Budget and Accounting is empowered to transfer such funds from that department to other departments as may be charged with the responsibility for the expenditure thereof.
- 26. The Director of the Division of Budget and Accounting is empowered to transfer or credit appropriations to any State agency for services provided, or to be provided, by that agency to any other agency or department; provided further, however, that funds have been appropriated or allocated to such agency or department for the purpose of purchasing these services.
- 27.
