#### **Independent Auditors' Report**

The Council Supplemental Annuity Collective Trust of New Jersey:

We have audited the accompanying statements of fiduciary net assets of the State of New Jersey Supplemental Annuity Collective Trust (the Trust) as of June 30, 2004 and 2003, and the related statements of changes in fiduciary net assets for the years then ended. These financial statements are the responsibility of the Trust's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Supplemental Annuity Collective Trust of New Jersey as of June 30, 2004 and 2003, and the changes in its financial position for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audits were made for the purpose of forming an opinion on the financial statements that collectively comprise the Trust's basic financial statements. The supplementary information included in the schedule of portfolio of investment securities is presented for purposes of additional analysis and is not a required part of the basic financial statements of the Trust. Such information has been subjected to the auditing procedures applied in the audits of the financial statements and, in our opinion, is fairly presented in all material respects in relation to the financial statements taken as a whole.

## THE STATEMENTS OF FIDUCIARY NET ASSETS AND THE STATEMENTS OF CHANGES IN FIDUCIARY NET ASSETS

This annual report consists of two financial statements: The Statements of Fiduciary Net Assets and The Statements of Changes in Fiduciary Net Assets. These financial statements report information about the Trust and about its activities to help you assess whether the Trust, as a whole, has improved or declined as a result of the year's activities. The financial statements were prepared using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized in the period they are earned, and expenses are recorded in the year they are incurred, regardless of when cash is received or paid.

Management's Discussion and Analysis, Continued

The Statements of Fiduciary Net Assets show the balances in all of the assets and liabilities of the Trust at the end of the fiscal year. The difference between assets and liabilities represents the Trust's fiduciary net assets. Over time, increases or decreases in the Trust's fiduciary net assets provide one indication of whether the financial health of the Trust is improving or declining. The Statements of Changes in Fiduciary Net Assets show the results of financial operations for the year. The statements provide an explanation for the change in the Trust's fiduciary net assets since the prior year. These two financial statements should be reviewed along with the information contained in the financial statement footnotes, including the required supplementary schedules, to determine whether the Trust is becoming financially stronger or weaker.

Notes to Financial Statements
June 30, 2004 and 2003

#### (1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Basis of accounting

The financial statements of the Supplemental Annuity Collective Trust of New Jersey (the Trust) have been prepared using the accrual basis of accounting and conform to the provisions of Government Accounting Standards Board (GASB) Statement No. 25, "Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans".

#### Investment valuation

Investments, including short-term investments (State of New Jersey Cash Management Fund) are reported at fair value. Common stocks and State of New Jersey Cash Management Fund Units are stated at fair values. Investments in common stock traded on a national securities exchange are stated at the last reported sales price on the day of valuation. Other listed securities for which no sale was reported on that date are stated at the last quoted bid price.

State of New Jersey Cash Management Fund units are stated at a cost of \$1 per unit, which approximates quoted market value. Investment income is recognized when earned and is distributed daily on the basis of units of ownership.

#### Investment transactions and related investment income

Investment transactions are accounted for on a trade-date basis. Realized gains and losses from investment transactions are determined using the average cost method and recognized as investment income when they occur. Interest and dividend income is recorded on the accrual basis with dividends accruing on the ex-dividend date. Net appreciation (depreciation) in fair value of investments is the change in market value of the investments.

#### Administrative expenses

All expenses incurred in administering the Trust are borne by the State of New Jersey.

#### Unit valuation

Participants' net asset value per unit is determined on a monthly basis. Net asset value per unit is computed on the total value at the end of the month of the Trust's net assets divided by the total outstanding units of the Trust.

#### (2) DESCRIPTION OF THE TRUST

The following description of the Trust provides only general information. Participants should refer to the Trust's pamphlet, "Supplemental Annuities and Tax Sheltered Annuities for New Jersey Public Employees," for a more complete description of the Trust's provisions.

#### Organization

The Trust, a single-employer defined contribution plan, was established by Chapter 123, P.L. 1963 and amended by Chapter 90, P.L. 1965 and is available to active members of several state-administered retirement systems to provide specific benefits to supplement the guaranteed benefits that are provided by their basic retirement systems. Membership totaled 4,743 and 5,207 as of June 30, 2004, and 2003, respectively. Of that total, members receiving a monthly annuity benefit from the Trust were 645 and 670 as of June 30, 2004 and 2003, respectively. The Trust is administered by the State of New Jersey Division of Pensions and Benefits. The Trust is included along with other

Notes to Financial Statements, Continued

state-administered pension trust and agency funds in the financial statements of the State of New Jersey. There are two active plans within the Supplemental Annuity System; the Regular Supplemental Annuity Plan that applies to all eligible employees and does not reduce the participant's taxable compensation, and the Tax Sheltered Supplemental Annuity Plan that pertains to eligible employees of public education institutions and reduces the participant's taxable income.

#### Benefits

Upon retirement, a participant is paid a single cash payment or may elect various forms of monthly annuities or reduced annuity payments with a beneficiary provision based on the value of the participant's account in the month of retirement. Upon the death of a participant, the designated beneficiary may elect to receive a lump sum equal to the account value or an annuity under any of the settlement options which a retiree could elect under the Trust. Upon termination of employment and withdrawal from the basic retirement systems, a participant must also withdraw his account under the Trust as a lump-sum settlement.

#### **Contributions**

Participants contribute through payroll deductions and may contribute from 1% to 10% of their base salary, as defined. Contributions are voluntary and may be suspended at the beginning of any quarter. Contributions under the Tax Sheltered Supplemental Annuity Plan are subject to Federal law limitations and qualify for tax-sheltered treatment permitted under Section 403(b) of the Internal Revenue Code. Participants are always fully vested for the accumulated units in their accounts.

#### Actuarial valuation

The act governing the Trust provides for an actuarial review of the Trust at least once in every three-year period. As of June 30, 2003, the date of the most recent actuarial valuation, there was a deficit of \$163,445 in the Variable Benefit Account to which annuity payments are charged. The deficit is primarily due to experience losses during the three-year period since the prior valuation. The 1983 Individual Annuity Tables projected to 1993 were used in valuing the present value of benefits payable for service annuitants and dependent beneficiaries.

Significant assumptions underlying the actuarial computation include: (a) assumed rate of return on investments of 4%; (b) assets valued at market; and (c) mortality, vesting, retirement age, and retirement estimates based on tables furnished by the actuary.

#### Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

#### 3) CASH AND CASH EQUIVALENTS

The Governmental Accounting Standards Board Statement No. 3, Deposits with Financial Institutions, Investments (including Repurchase Agreements), and Reverse Purchase Agreements, requires the bank balances of deposits to be categorized to indicate the level of custodial risk assumed by the entity. Category 1 consists of deposits that are insured or collateralized with securities held by the entity or by its agent in the entity's name. Category 2 consists of deposits collateralized with securities held by the pledging financial institutions trust department or agent in the entity's name. Category 3 consists of deposits which are uninsured and uncollateralized.

Based upon aggregate collateral levels maintained for all State bank accounts as a whole, substantially all cash balances maintained in financial institutions as of June 30, 2004 and 2003are designated Category 3.

Notes to Financial Statements, Continued

#### (4) INVESTMENTS

The investment responsibility of the Trust is assigned to the State Investment Council (the Council) through the State of New Jersey, Department of the Treasury, Division of Investment (the Division) which issues publicly available financial reports that include the financial statements of the State of New Jersey Cash Management Fund. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Investment, P.O. Box 290, Trenton, New Jersey 08625-0290. All investments under the supervision of the Council must conform to standards of prudence set by State of New Jersey law, which mandate that the Division make investments in which fiduciaries of trust estates may legally invest.

The purchases, sales, receipts of income, and other transactions affecting investments are governed by custodial agreements between the Trust through the State Treasurer and custodian banks as agents for the Trust. State of New Jersey laws and policies set forth the requirements of the agreements and other particulars as to the size of the custodial institution, amount of the portfolio to be covered by the agreements and other pertinent matters.

Government Accounting Standards Board Statement No. 3, Deposits with Financial Institutions, Investments (including Repurchase Agreements), and Reverse Purchase Agreements, requires disclosure of the level of custodial risk assumed by the Trust. Category 1 includes investments that are insured or registered or for which the securities are held by the Trust or its agent in the Trust's name. As of June 30, 2004, and 2003, all investments held by the Trust (other than State of New Jersey Cash Management Funds, which are not categorized) are classified as Category 1.

The Trust's portfolio of corporate equity and debt securities is maintained by the Depository Trust Company (DTC) through the custodian banks in trust for the Trust. The custodian banks as agents for the state funds maintain internal accounting records identifying the securities maintained by the DTC as securities owned by the Trust.

Securities not maintained by the DTC are held in the name of a designated nominee representing the securities of the Trust that establishes the Trust's unconditional right to the securities.

#### (5) INCOME TAX STATUS

Based on a 1986 declaration of the Attorney General of the State of New Jersey, the Trust is a qualified plan as described in Section 401(a) of the Internal Revenue Code. The Trust operates within the terms of the Trust and remains eligible under the applicable provisions of the Internal Revenue Code.
