DEPARTMENT OF TRANSPORTATION REQUESTS:

4. Project: Approval of Outdoor Advertising Waiver, Route 3, Mileposts: 4.62, Clifton City, Passaic County

Requesting Party: The NJDOT, on behalf of NJ Transit, requests a waiver from outdoor advertising regulations in order to issue an outdoor advertising permit to allow the issuance of a multi-message sign within an interchange and within 500 feet of additional interchanges
and points of gore as required by N.J.A.C. 16:41C-8.1(d)(2) and 8.1(d)(2)(i). The sign would be located at NJ Route 3S/S Milepost 4.62 in Clifton City, Passaic County on land owned by NJ Transit.

Terms: The waiver is recommended because there is a demonstrated a) public benefit, b) need for the sign, c) assurance of highway safety; and d) lack of conflict with federal regulations and the 1971 Federal Agreement regarding outdoor advertising regulation and subject to the following conditions:

1. A post construction traffic safety analysis shall be completed.
2. Conformance with all other pertinent outdoor advertising regulations is required.
3. Emergency notices shall conform to established protocols.
4. An existing permit, number 75433, will be surrendered when the Notice of Approval issues.
5. This waiver is void if it is determined that any sign violated the 1971 Federal Agreement.

5. Project: Route: University Heights Connector, Parcel: VX555B, Block: 1846, Lot: 17, City of Newark, Essex County

Requesting Party: The NJDOT, Division of Right of Way & Access Management, Property Management Unit, is requesting approval to sell a vacant piece of excess land containing .0535 acre or 2,331 square feet, identified as Route: University Heights Connector, Parcel VX555B, to adjoining property owners Prashanth K. The property is non-conforming to the zone and the highest and best use is for assemblage to an adjoining property.

Terms: The recommended sale price is $95,000 (Ninety-five thousand dollars), which is the appraised value.

DEPARTMENT OF ENVIRONMENTAL PROTECTIONS REQUESTS:

6. Project: The Meadows at Middlesex Golf Course, Block: 2301, Part of Lot: 2, Township of Plainsboro, Middlesex County

Requesting Party: The NJDEP, on behalf of the County of Middlesex, requests approval to allow the diversion of a total of approximately 0.543 acre of parkland along the property line of the Meadows at Middlesex Golf Course, located in the Township of Plainsboro,
Middlesex County. Public Service Electric and Gas (PSE&G) is building a new electric switching station on property adjacent to the golf course and must relocate an existing 16-inch underground petroleum pipeline owned by Sunoco Pipeline LP (Sunoco) to facilitate the construction of the switching station. The diversion will consist of the conveyance of a variable 20-foot to 50-foot wide subsurface easement to Sunoco for the construction, operation and maintenance of the underground pipeline. Tree clearing is required to meet utility clearance standards.

Terms: To compensate for the proposed diversion, the County will receive $350,000 in monetary compensation from PSE&G to be used for the future acquisition of at least 1.086 acres of land for recreation/conservation purposes located within the County. For tree removal compensation, PSE&G will purchase and plant a total of 215, 3-inch caliper trees in various County parks, including Thompson Park, Thompson Park Conservation Area, Mill Pond Park and the Ireland Brook Conservation Area. The timing for the planting of the replacement trees will be the Fall of 2021.

Requesting Party: The NJDEP, on behalf of the Township of Medford, requests approval to legalize the unauthorized disposal of a total of 1.074 (+-) acres of parkland in the Township of Medford, Burlington County. The lots in question were mistakenly sold by the Township as surplus to adjacent existing residential lot owners by public auction.

Terms: To compensate for the unauthorized disposal, the Township proposes to encumber with Green Acres restrictions three parcels of replacement forest and wetlands (Block: 4106, Lot: 8.03, Block: 6801, Lot: 6, Block: 6802, Lot: 7) totaling 38.59 (+-) acres.

8. Project: Middlesex County Greenway, Block: 815, Part of Lot: 1, Township of Edison, Middlesex County

Requesting Party: The NJDEP, on behalf of Middlesex County, requests approval to allow the diversion of approximately 0.055 acre (2405 + square feet) of parkland within the Middlesex County Greenway, in the Township of Edison, Middlesex County. The proposed diversion area is a portion of the area needed for Texas Eastern Transmission, LP’s Middlesex Extension Project, a 1.75-mile project to connect two existing natural gas pipelines. The proposed diversion consists of the conveyance of a 20-foot-wide subsurface easement and associated temporary workspace area to Texas Eastern for the construction, operation and maintenance of an approximately 120-foot-long 16-inch diameter underground pipeline. In this location, the Greenway consists of a former railroad right of way that has been converted to a pedestrian trail through a commercial/industrial area. The proposed pipeline crossing will not permanently impact any uses of or resources of the
Greenway, and no tree clearing is proposed during construction.

Terms: To compensate for the proposed diversion, the County will receive $200,000 in monetary compensation from Texas Eastern for the future acquisition of at least 0.11 acre of land for recreation/conservation purposes located within the County. This monetary compensation amount was negotiated by the County and is in excess of the 10:1 ratio required by the Green Acres Rules.
