

SPECIFICATIONS FOR REPORTING W-2 INFORMATION VIA ELECTRONIC FILING

The State of New Jersey's requirements for filing W-2 information via electronic filing (E-File) conform to specifications defined by the Social Security Administration and published in their booklet "[Specifications for filing forms W-2 electronically](#)" (efW2).

At the direct request of the Social Security Administration, all wage and tax data specifically required for New Jersey purposes must be presented in the "State Record." Since these records are the only ones which differ from the SSA record layouts, they are the only records for which specific layouts are defined. These records are mandatory for New Jersey purposes.

This booklet contains the necessary instructions needed to file W-2 information via E-File. When filing via E-File, you must also complete and mail submitter form NJ-efW2-S together with the associated Employer Reconciliation(s) (Form NJ-W-3). The entire package is due by February 28, 2019. For more information regarding NJ employer W-2 and NJ-W-3 reporting requirements see the [New Jersey Income Tax Withholding Instructions \(NJ-WT\)](#) or call the Division of Taxation Customer Service Center at (609) 292-6400.

Software Developers/Providers

As part of the State of New Jersey's paperless initiative, filers (approved software developers/providers) have the option to submit the NJ-W-3 (annual New Jersey Gross income Tax Reconciliation of Tax Withheld) electronically.

If you currently use Axway Cloud to upload the W-2 file, please follow the same procedures when transmitting the NJ-W-3 form. The same login name and password will be used to access Axway Cloud for both transmissions.

This option is available through approved software providers only. For additional information/approval, visit the Division of Revenue and Enterprise Services [website](#).
